**THAT YOU FEEL GOOD
ABOUT DRINKING**

Hardworking Coffee.™

It all started with three friends who required something that was hard to come by in 1993 – something strong, sturdy and **FULL OF FLAVOR** – to keep them well fueled for long nights and **HARD WORK**. These guys were in need of some real **QUALITY COFFEE**, and in order to get it they decided to do it themselves.

And so ALTEERRA was born. They spent long hours roasting, testing and tasting to make sure every pound of coffee delivered the best characteristics from the beans used. This hard work, expertise and commitment remains today, with ALTEERRA giving you great quality coffee with a distinctive big flavor.

And, as a carefully selected quality brand by MARS Drinks, ALTEERRA is now available to every workplace, everywhere!

**WE DISCOVERED
IT TAKES 4
COMBINATIONS
OF ROAST & TASTE
TO MAKE EVERYBODY HAPPY**

TASTE

We have conducted extensive research with our workplace consumers and combined this with our coffee expertise to understand exactly what coffees they prefer to drink*.

ROAST

Every coffee has a sweet spot: lighter roasts are brighter from the acidity of the bean, darker roasts are more intense and develop caramel flavors during roasting.

TASTE

The unified combination of flavors, textures and sensations that stimulate the tastebuds and make each coffee drinking experience totally unique.
