

THE KEURIG® B150: Designed for offices in the small-to-medium range, and built durable to perform day in and day out, the B150 delivers coffee everyone will love.

TOUCH AND GO: TOUCHSCREEN INTERFACE

Thanks to an advanced full color touchscreen interface — with adjustable brew temperature, programmable on/off settings and auto-off feature — you can walk through brewing instructions, step by step, in three different user-selected languages.

FULFILLING OPTIONS:

→ POUR-OVER WATER RESERVOIR

The easy-to-fill, removable, water reservoir — our largest at 90 ounces — means you can fill once and make up to 18 cups of coffee. Plus, the brewer does not need to be located close to a water supply.

→ DIRECT-LINE PLUMBING

Take advantage of the optional direct-line plumbing accessory and brew a new cup of coffee every 60 seconds, back to back, all day long without having to refill.

SATISFY EVERY TASTE: FIVE BREW SIZES

Choose from five different brew strengths — 4 oz., 6 oz., 8 oz., 10 oz. and 12 oz. From espresso-like drinks to milder brewed beverages. Because tastes differ.

REMOVE AND FILL: REMOVABLE DRIP TRAY FOR EASY TRAVEL MUG USE

The drip tray is designed for easy cleanup and versatility. It slides out of the way to accommodate travel mugs. Plus, it's dishwasher safe.

HARD WORKER: COMMERCIAL GRADE

This brewer is a rugged machine, built to commercial specifications and UL-approved for home and commercial use.

DRAIN AND STORE: DRAINABLE INTERNAL HOT WATER TANK

You can't get this from a home brewer. Only Keurig commercial brewers offer the option to easily drain and remove water from the hot water tank for transport and storage.

KEURIG® COMMERCIAL BREWERS

B130

Designed for the hospitality industry, the B130 is the ideal choice for hotel in-room brewing.

KEURIG® IS NOT JUST ABOUT GREAT COFFEE. IT'S ABOUT THE WAY GREAT COFFEE IS MADE.

Keurig has redefined brewing by combining state-of-the-art brewer technology with our unique and patented K-Cup® Portion Pack. Within the K-Cup are all of the essential elements for brewing a single, perfect cup of coffee. So you get coffee you love, from a selection of over 200 varieties. But what you don't get is waste, mess or fuss. It's that simple.

- 1 LIFT** the brew handle and place K-Cup® Portion Pack
- 2 PLACE** mug and close the handle
- 3 SELECT** one of FIVE cup sizes (4 oz., 6 oz., 8 oz., 10 oz. or 12 oz.) and press the Brew button

CHOOSE

Choose from over 200 varieties of gourmet branded coffees, teas and hot cocoa.

BREW

It's never been easier to brew the perfect cup of coffee in under a minute.

ENJOY®

Here it is. The coffee (or tea, or hot cocoa) you love. Easy, convenient and quick, with no mess to clean up.

SHARE THE LOVE: 200+ VARIETIES

Why should everyone fill their cups from the same old boring pot when they can have a choice? There are over 200 varieties of coffee, tea, hot cocoa or brew over ice beverages available from over a dozen of the world's finest coffee and tea brands. So you can stock as many varieties as you want. With Keurig, everyone can brew the coffee they love.

HOW THE K-CUP® WORKS

- Oxygen, light and humidity are coffee's worst enemies, so our airtight lid and cup design seals in the freshness of the just-ground coffee.
- To make a perfect cup of coffee, the pressurized water is controlled at the ideal brewing temperature.
- Each roaster specifies the exact amount and grind within the K-Cup® Portion Pack, all to ensure coffee you'll love.
- Technologically advanced filter inside the K-Cup provides optimum results.
- All brewing takes place within the K-Cup itself, so there is no residual coffee left behind to affect the flavor of the next cup.
