V&F Pod Coffee System

Single cup pods offer variety and the convenience of fresh brewed coffee, one cup at a time. There is no waste, no loose grinds, and no messy coffee pots to clean. Pods are delivered very fresh, as compared to other alternatives, and you will experience an aromatic fragrance when you open the protective pouch.

Reward your employees by bringing the coffee shop experience to the office, providing a variety of gourmet coffees and teas, single origins and flavored coffees.

Pod System Highlights

- Pods cost less per cup.
- Fresh brewed, one cup at a time.
- Variety, 9 coffees and 2 teas.
- No wasted coffee.
- Pods are the only compostable single cup solution.
- Pods allow you to smell the aroma of the coffee prior to brewing.
- Pods deliver a gourmet cup of coffee or tea.
- Two taste profile buttons.
- Brewers are reliable.

Pods are compostable!
